NYS' official source of contracting opportunities  
Bringing business and government together

## Event Announcement

Title: Direct Installation Lighting Program

Agency: Power Authority of New York

Date of  
Event: 06/29/2023

Time of  
Event: NA

Location: SURVEY: <https://www.surveymonkey.com/r/KRBNMNN>

NYPA is seeking to understand the availability and capabilities of NYS MWBEs, NYS SDVOB and Small and Local Businesses that may be interested in working for the Authority and looking to help us Direct Installation Lighting Program.

**General Overview:** In 1990, the New York Power Authority (NYPA) launched a major new Demand Side Management (DSM) initiative for Authority public customers located in Southeast New York (SENY). SENY High-Efficiency Lighting Program (HELP) was formed as a turnkey approach to identify, procure, and implement energy-efficient improvements for the Authority's SENY customers. SENY HELP, the Authority's seminal conservation program, served as the launching platform for numerous other initiatives including Statewide, Long Island, Public Schools, and County & Municipal HELP, all for the benefit of public institutions and public schools throughout the State. In 2019, NYPA launched the Direct Install (DI) lighting program in the New York City market. This program has proven extremely successful; so much so that we are now in the process of issuing an RFP to increase Contractor participation.

NYPA is looking for Sub-contractors for each region that have experience with local material distributors/manufacture reps and electrical subcontractors. We're gathering a list of potential Subcontractors who might be interested in participating in the program to share it with prospective Contractors during the RFP. Please take a moment to complete the survey found [here](#), like to get your feedback by **Thursday, June 29**.

We are looking forward to hearing from you.
